

EXPERIENCE

UI/UX Product Designer

Millennium Corporation

Nov 2022 – Jan 2026

Los Angeles, CA

Principal UI/UX design for multiple cybersecurity related software suites used in cybersecurity education via an end-to-end collaborative and iterative design process that included initial concept design, detailed user flows, wireframes, and high-fidelity interactive prototypes

Maintained a comprehensive design system with component libraries and style guides, ensuring design consistency across 3 software product lines

UI/UX Product Designer

Steel City Collectibles

May 2018 – Aug. 2022

Pittsburgh, PA

Designed and developed a new e-commerce website from conceptual design up to front-end development, responsive design implementation, testing, and site optimization

Managed online advertising campaigns and search engine optimization and resulting in over 45x return on ad spend and 3x increase in monthly recurring revenue

UI/UX Product Designer

Senitron

Nov. 2016 – April 2018

Los Angeles, CA

Involved with partners to understand business requirements and design intuitive software solutions used to enable large-scale automated inventory tracking, including converting large data sets into intuitive software solutions for web application software used by American Apparel, Intuitive Surgical, Verizon and others

Designer

Chromologic

Sept. 2013 – Oct. 2016

Los Angeles, CA

Designed and developed UI/UX for a subscription-based software solution used in supply chain security and counterfeit mitigation by NASA's Jet Propulsion Laboratory

EDUCATION

UCLA Extension, Introduction to Front-End Design & Development, 2014

Bachelor of Architecture, Pennsylvania State University, 2009

TOOLS & TECHNOLOGIES

Design Process & Tools: Figma UI/UX design, Adobe XD

User Research & Metrics: FigJam, Maze, Great Question, Hotjar

Collaboration: Miro, Atlassian Jira / Gitlab, git version control

Development: SublimeText, SASS CSS preprocessor, vanilla javascript

Other: Adobe Creative Suite, Google Adwords & Analytics, MS Office, Mac / Linux / Windows
